Partners Across The West

Kathy Hall

Biographical Sketch, Northwest RAC Member

Kathy Hall has called Mesa County home for the past 24 years and currently provides consulting services to the Colorado Oil and Gas Association through her business, Kathy Hall & Associates, LLC. No stranger to the public arena, Hall has worked for Senators Bill Armstrong and Hank Brown and also served as a Mesa County Commissioner for eight years. Hall has and is currently serving on numerous boards, including the National Public Lands Committee for the National Association of Counties and the Colorado River Water Conservation District.

Hall initially served several years on the RAC representing Category 3, elected official, but now represents public-at-large constituency. As a RAC member, Hall believes that public lands are the lifeblood of the West and supports good federal land management policies that protect those lands.

Hall cherishes both the beauty and lifestyle of western Colorado and, in one capacity or another, has been working toward protecting natural resources since 1986.
